The facility continues to be Covid free, staff and residents. That being said we are not letting our guard down regarding preventative measures, precautions, constant screening, and frequent testing. Infection prevention procedures are integrated into the daily routine of our nursing, housekeeping, activities and dietary departments. This will continue to be a focus going forward as we strive to ensure Preferred Care at Old Bridge is a safe haven for our residents and staff alike.

**Visitation:** We are open to visits for family members as per the current CMS and NJ DOH guidelines. This applies to all residents with the exception of residents that are under a 14 day quarantine. An appointment **must** be made prior to coming in to visit your loved one. You can make an appointment by calling the facility and asking for Laura in activities. We have hired additional staff to make sure we can accommodate all the requested visits. Visits are conducted 7 days a week, 10am to 5pm. If special accommodations are necessary, please reach out to the facility staff. Visits take place either indoors in one of our lounges, in a private room, or outdoors in our beautiful courtyard.
