9/13/2022 The facility continues to be Covid free, staff and residents.

That being said, we are not letting our guard down regarding preventative measures, precautions, constant screening, and frequent testing. Infection prevention procedures are integrated into the daily routine of our nursing, housekeeping, activities, and dietary departments. This will continue to be a focus going forward as we strive to ensure Preferred Care at Old Bridge is a safe haven for our residents and staff alike.

Visitation: We are open to visits for family members as per the current CMS and NJ DOH guidelines. All residents are allowed to have visitors. Visitors who are Covid positive are not allowed to visit.

All visitors are required to be screened at the kiosks in the entranceway, and wear masks always.

If you have any questions, please let our staff know.

We look forward to seeing you!
